Features that make our Green Belt Program Unique :

- No Pre-Requisites for the Green Belt Program
- First week of training offers a JumpStart for individuals that are short on time
- Included up to 3 hours of project support at no additional cost
- 2 + 2 Format allows a **Green Belt** to complete a **Black Belt** at a later date
- Courses lead by certified Master Black Belt and top rated instructor
- Extensive experience in over 25 countries with leading corporations
- Business leaders can attend White Belt at no cost, with the enrollment of two Green Belts
- Outstanding course material integrating current methods with a "Lean Option"
- SixSigma.us certification process included in course cost

Six Sigma Features

- Generic Project examples
- Generic Project Charter examples
- Green Belt Certificate after project acceptance
- On-Site Consulting at a discounted rate
- Professionally laser printed color student notebooks

Don't Have Two Weeks Available ?

We also offer a Six Sigma JumpStart , which is the first week of Green Belt training. Attend just the first week of the class to learn enough to get started on a project and get some quick benefits. The first day is designed as a One Day Executive Overview of what Six Sigma is about and how to deploy it within an organization.

After attending this training, participants will be able to:

- Mobilize a Six Sigma team and organize its work
- Comfortably use statistical tools to analyze processes in Minitab
- Select Six Sigma projects
- Create charts, process maps, prioritization tools and control plans needed to complete Six Sigma projects

Six Sigma Green Belt Training from SixSigma.us

“Instructor has a wide array of knowledge and relates concepts to real world examples”
