# Lean Agent Agenda

## 4 Day Lean Flow Fundamentals Agenda

- Intro to Lean Thinking & Goals
- Overview of Lean Thinking, Methods & Tools
- Key Principles of Lean
- Basic Lean: Kaizen and 5S Implementation
- Basic Lean: The Value Stream and Mapping
- Intro to Advanced Lean: Using Data to Determine Recourses, Requirements, and Process Flow Layouts
- Wrap Up and Action Plans to Get Started

## Learning Outcomes

- Understand Lean Concepts and their Applications
- Ability to Clarify Goals and Implement Lean Methods
- Discuss Opportunities to Apply Tools in Your Organization and Processes
- Understand Implementation in Other Organizations by Sharing Experiences

CEU and PDU credits will be provided to students after successfully completing the required exam or a live project for certification. In addition, attendees must attend all training and participate in all classroom exercises. If a student misses more than one day of training, make up work must be completed before the final exam may be taken and a training certificate, CEU's or PDU's will be issued at this time. Individuals interested in receiving PDU's or CEU's must pass a comprehensive online exam. Students have the option of being certified by completing a live Lean project. The Lean Master leading the training will review the completed project and provide guidance throughout the process.

- 40 PDU's will be awarded for successful completion of the four day Lean Agent training.
- 3.2 CEU's will be awarded for successful completion of the four day Lean Agent training.
