Features that make our White Belt Program Unique :

The Six Sigma.us White Belt certification requires four hours of training. The White Belt is offered to provide an overview of Lean and Six Sigma. With this Belt you will be able to begin your journey toward the professional competencies of the Yellow Belt, Green Belt, Black Belt, and Master Black Belt. After obtaining this first level belt, you can become a qualified team member of a Green Belt or Black Belt project.

White Belt participants will be introduced to the tools and techniques used to:

- Obtain a fundamental understanding of Lean and Six Sigma
- Learn the Structure of Six Sigma (DMAIC) and their roles
- Define, Measure, Analyze, Improve and Control (DMAIC) processes
- Minimize waste and resources while increasing customer satisfaction

This overview is perfect for:

- Leaders considering embarking on a Lean and/or Six Sigma strategy
- Departments or organizations that have been charged with implementation but do not have a good understanding of Lean and/or Six Sigma Managers concerned with the status quo and interested in investigating options for productivity improvement, performance enhancement and organizational change.
