## **Features that make the Yellow Belt Program Unique :**

The Six Sigma.us Yellow Belt certification is a two day program that provides an overall insight into the techniques of Six Sigma, its metrics, and basic improvement methodologies. A Yellow Belt participates as a core team member or subject matter expert (SME) on a project or projects. Six Sigma Yellow Belt training provides an introduction to process management and the basic tools of Six Sigma, giving employees a stronger understanding of processes, enabling each individual to provide meaningful assistance in achieving the organization's overall objectives. Our Six Sigma Yellow Belt Certification improves:

- The effectiveness of employees in their support role of Six Sigma
- Personnel buy-in of Six Sigma
- Day-to-day workplace activities (resulting in a reduction of cycle times, improved quality, and less waste)

The Yellow Belt gathers data, participates in problem-solving exercises, and adds their personal experiences to the exploration process. Not only do Yellow Belts learn the skills necessary to identify, monitor, and control profit-eating practices in their own processes, but they are also prepared to feed that information to Black Belts and Green Belts working on larger system projects.

## **What is in it for the graduate:**

As a Six Sigma graduate, you will not only make an impact upon your career, but upon your life.

# Six Sigma Yellow Belt Agenda

*“Instructor has a wide array of knowledge and relates concepts to real world examples”*

*“Great time spent in overviews and exercises that helped understand the logic of using Six Sigma tools”*

*“Instructor is able to answer ALL questions”*

*“Teaches by example”*

*“Instructor knows how to teach adults”*

*“While some instructors are just entertainers, this instructor is a teacher”*

## Six Sigma Yellow Belt Agenda

- Process Maps (SIPOC and the Input/Output Maps)
- C&E Matrix
- FMEA
- Basic Statistics
- Introduction to Minitab
- Creating Graphs (Basic Quality Tools)

CEU and PDU credits will be provided to students after successfully completing the training and required exam. In addition, attendees must attend all training and participate in all classroom exercises. If a student misses more than one day of training, make up work must be completed before the final exam may be taken and a training certificate, CEU's or PDU's will be issued at this time. Individuals interested in receiving PDU's or CEU's must pass a comprehensive online exam.

- 16 PDU's will be awarded for successful completion of the two day Yellow Belt training and the final exam.
- 1.6 CEU's will be awarded for successful completion of the two day Yellow Belt training and the final exam.

## Want Certification?

We offer a two week Green Belt program that is designed to provide you with the skills needed to successfully complete Six Sigma projects. We also have a combined program that allows you to complete your Black Belt in just four weeks of training.
