Features that make the Yellow Belt Program Unique:

The SixSigma.us Yellow Belt Training provides an introduction to process management and the basic tools of Six Sigma, giving employees a stronger understanding of processes, enabling each individual to provide meaningful assistance in achieving the organization's overall objectives. A Yellow Belt participates as a core team member or subject matter expert (SME) on a project or projects.

Would you also like a high level overview of Lean & Sigma, understand of the roles of individuals within an organization and how to identify a project? If so consider attending the White Belt prior to Yellow Belt at a discounted rate.

Yellow Belt covers the following topics:

- Process Maps (SIPOC and the Input/Output Maps)
- C&E Matrix
- FMEA
- Basic Statistics
- Introduction to Minitab
- Creating Graphs (Basic Quality Tools)

SixSigma.us is an authorized provider for [PMI](#) and [IACET](#). Certificates of the students will have the renowned units PDUs or CEUs (respectively) after successfully completing one of our approved training courses, plus any exams that might be required.

• 16 PDU's will be awarded for successful completion of the two day Yellow Belt training and the final exam.

• 1.6 CEU's will be awarded for successful completion of the two day Yellow Belt training and the final exam.
